

HEJC Fall 2015

Welcome!

Daniel Thorpe

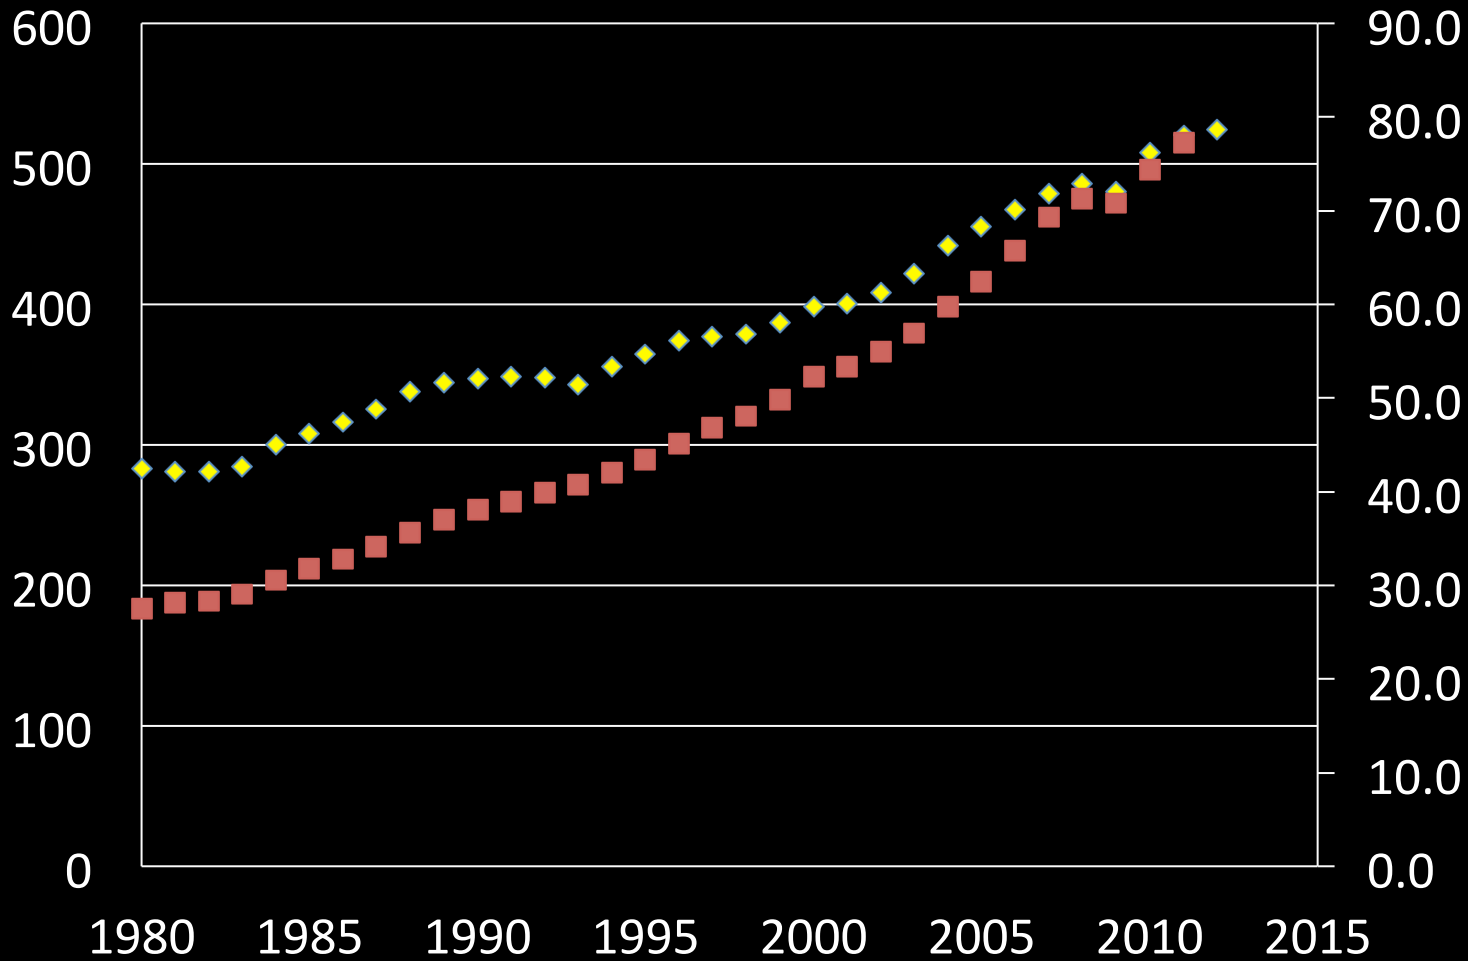

dthorpe@seas.harvard.edu

Andy Greenspon

agreenspon@g.harvard.edu

Robert Gustafson

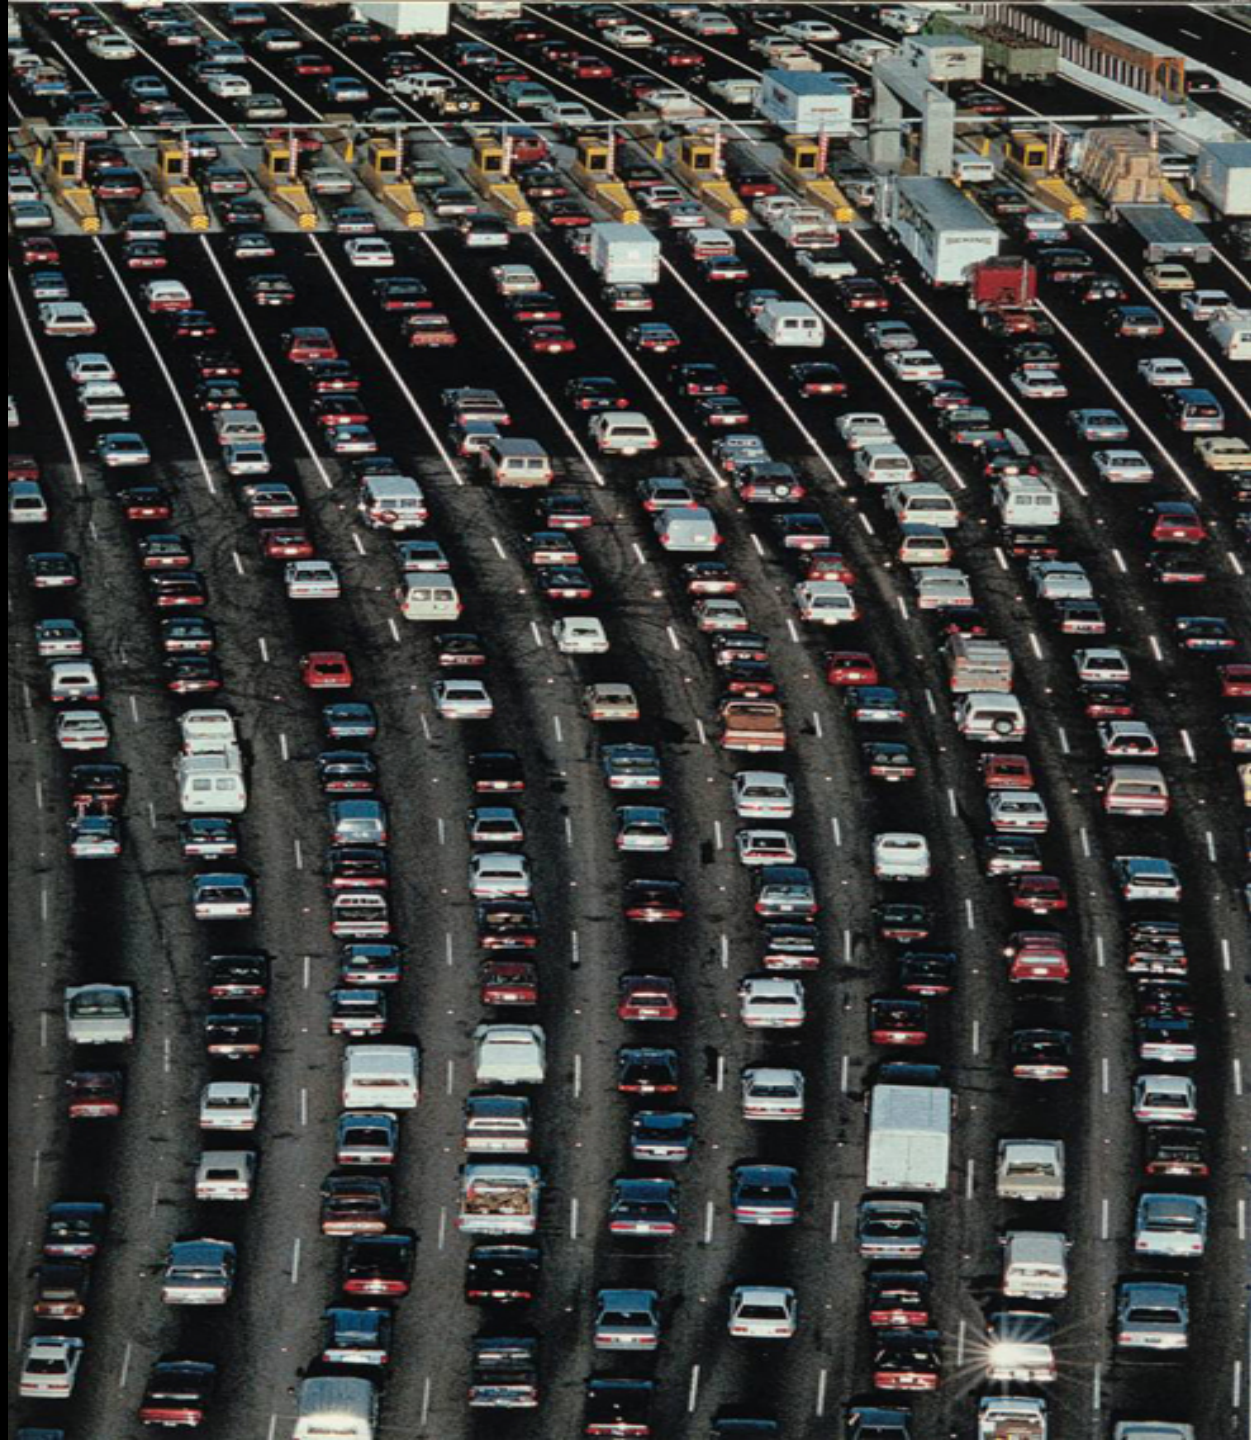

rigustafson@seas.harvard.edu

136.8!

billion gallons
of gasoline
was consumed
in the U.S. last
year

... that's more
than **\$400**
billion spent at
the pump

19.1!

million barrels
of oil used... **per
day**

... that's more
than **\$880
billion** every
year

Tell me

about all that **renewable energy** we have...

more

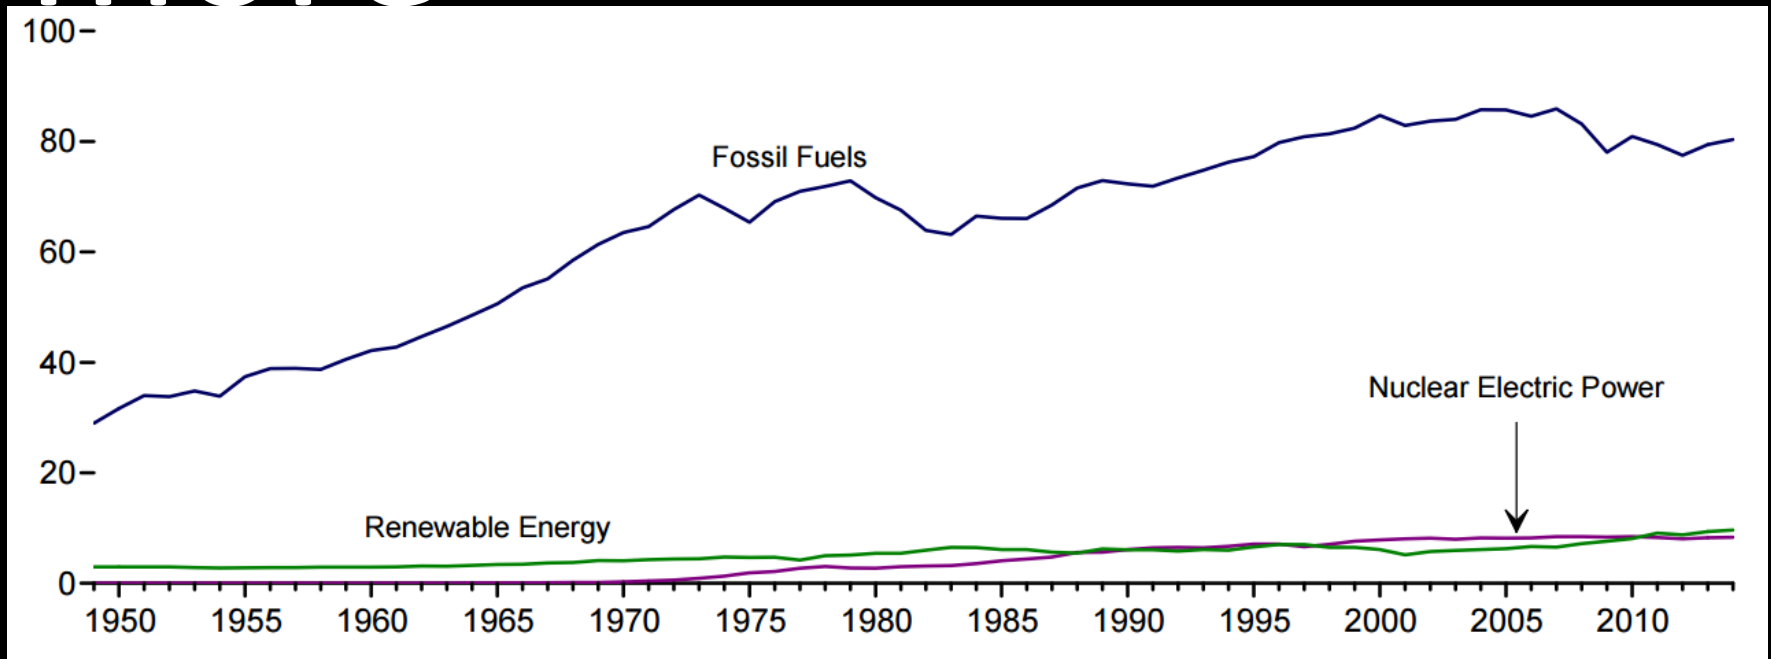

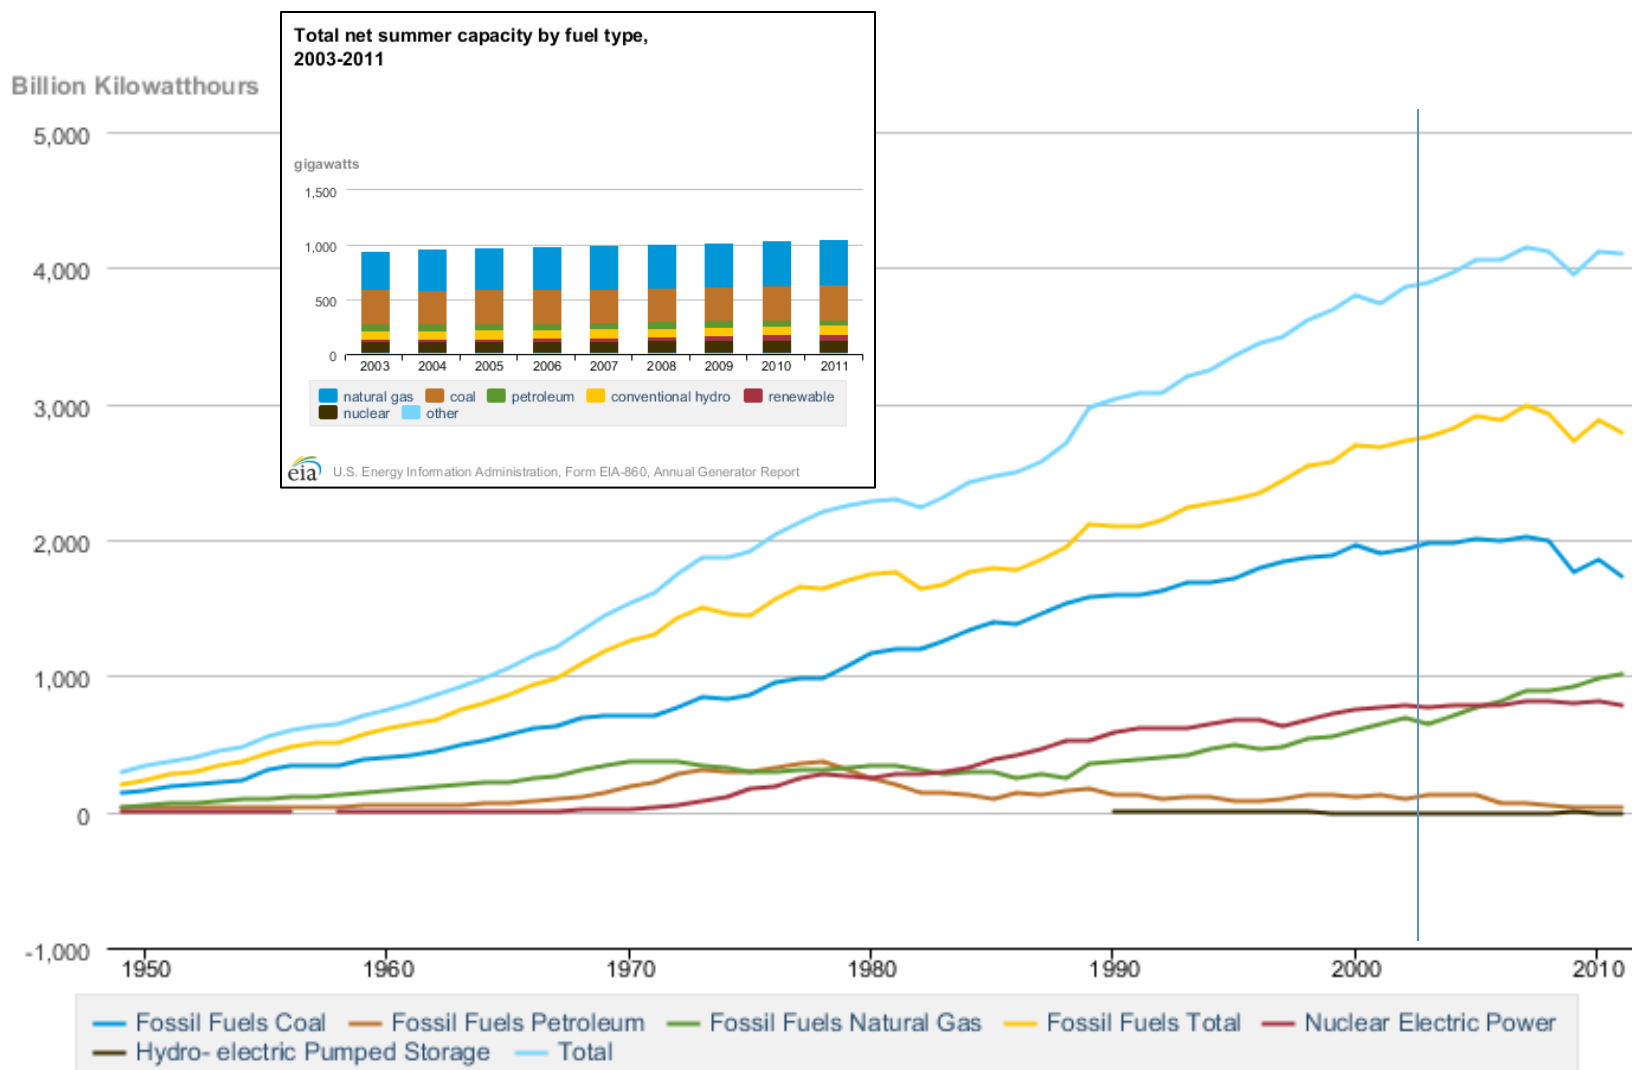

Table 8.2a Electricity Net Generation: Total (All Sectors), 1949-2011

We're here to
INFORM each other
on how the **ENERGY**
picture is **CHANGING.**

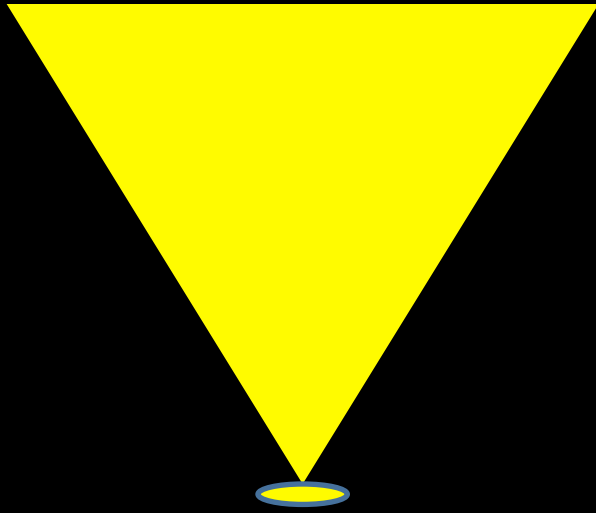

BELEWS CREEK
STEAM STATION

SAFETY
EXCELLENCE
EFFICIENCY

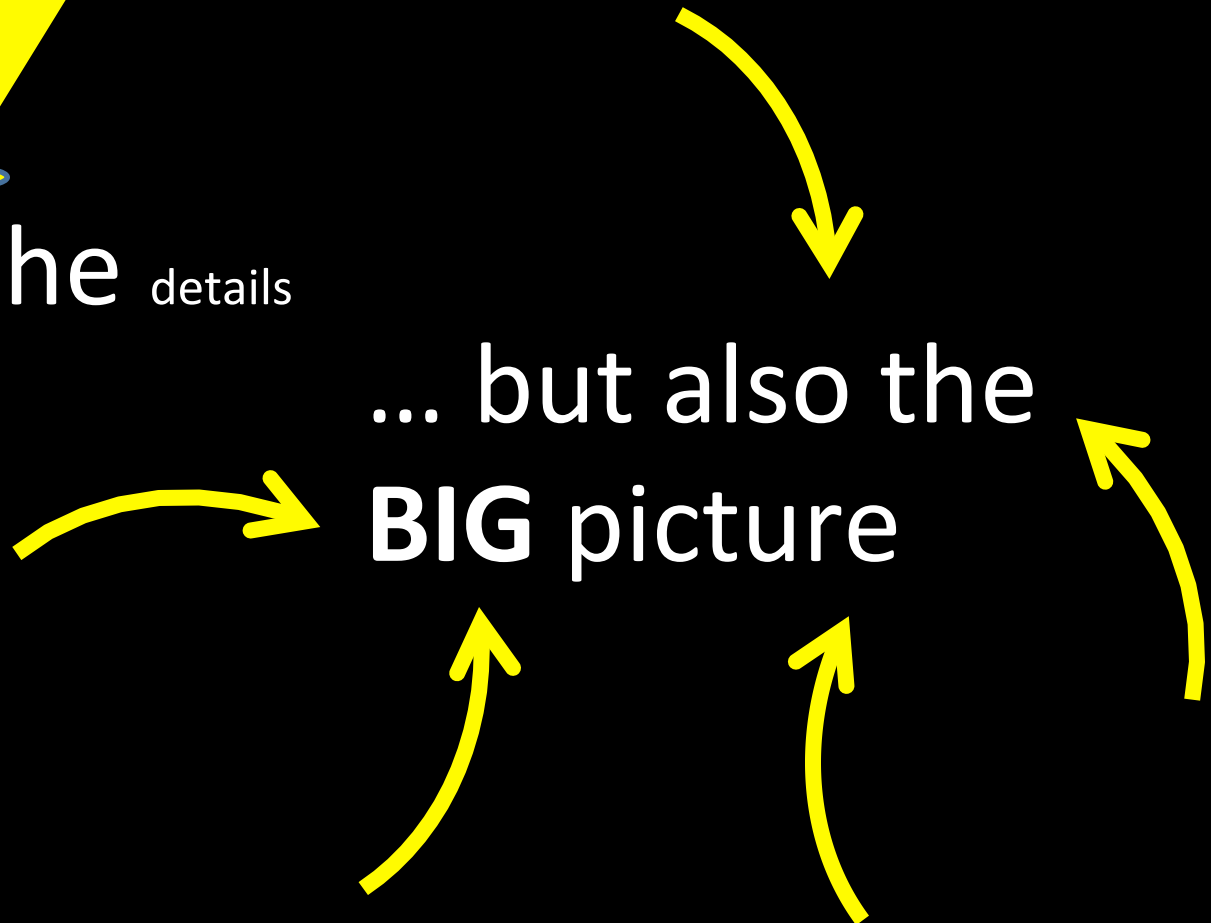

Show us the details

... but also the **BIG** picture

LOGISTICS

Meetings every

**THURSDAY noon, 12
pm HUCE 310**

Volunteer to present
30 min presentation,
15 min Q&A
